## Dr. Williams' Pink Pills for Pale People

Mrs. William Cotter who lives at No. 42 Windsor Street, Hartford, Conn., says: "I was taken with neuralgia several years ago and suffered untold misery. I tried a great many doctors and several remedies, but I found only temporary relief. About three years ago I was advised to try Dr. Williams' Pink !'llis for Pale People and I did so. I thought that the first box gave me some relief, and my husband insisted that I keep on taking the pills. I did, and I can truly say that the pills are the only medicine that ever permanently benefited me.

"I used to have to give up-entirely and lie down when the pain came on. My face would swell up so that my eyes would close. The pills cured all this, and I have had no return of it fo. the last two years. I keep the pills constantly on hand, as I believe they are a wonderful household remedy.

"To Dr. Williams' Pink Pills for Pale People I owe all the comfort I have enjoyed for the past two years in being free from neuralgia, and I am giad to be able to recommend them."

"Let me tell you something funny.

There are no roads or trails in this country, consequently horses and mules cannot be used. Someone has to carry your luggage, so that the men can be free with their rifles. It is customary to catch natives and make them carry rations, etc., but when they see us coming they generally take to their heels. Last Saturday, while scouting, I came to the village of Dolores. There were plenty of women and children, but the only man was a rascally priest, who swore that there had not been a man in town for six months. I marched through and going on three miles further, went into camp. Early next morning (Sunday) I came quietly back and surrounded the No one saw me. After posting guards I walked into the church where they were having a high old time. It was crowded with athletic young men. I arrested the whole congregation, and selecting seventy-five of the best men, marched them off, notwithstanding their best Sunday clothes. There was a great howl, but I had to have them, and so they came 'willy nilly.'"
